Student Planners will be provided by the school.
 There is a \$3.00 charge for a replacement planner.

Parents: Throughout the year, your child's teacher(s) will identify *items for donation* that will be appreciated. Tissues and hand sanitizer for classroom use are always needed and appreciated. If you would like to donate these, please send them in to the Main Office. Thank you.

The TI-84 Plus Silver Edition Graphing Calculator will be used regularly in your child's class. Graphing calculators are an important technology used in Howard County mathematics courses beginning with pre-algebra and extending through the end of the mathematics course sequence. Although students will be provided with a graphing calculator for use in school and have the ability to borrow one for out of school use, students are best served by having a personal calculator and becoming very familiar with how it is used to address a number of different type of mathematics problems. (Parents who wish to purchase an upgraded calculator that will be suitable for high school and for college engineering classes may purchase the TI-Inspire.)
