[Click here to learn](#) how to buy a memory book.

58 pages out of the 60 pages will be designed by the memory book committee.

However, this year students can customize **two pages** of their individual memory book. If you wish to personalize additional pages, you can for a small fee. This is a great affordable option for families with multiple students at HMS.

Students can upload their personal pictures to their memory book! Pictures of pets, that perfect selfie, family vacations, team photos, all can be included in their memory book.

Please watch [this video](#) for further information about how to customize memory books.

Memory books are **NOT REQUIRED** to be customized. The two custom pages will simply be left blank.

Due to age restrictions, **students 13 and under will need their parents to upload the pictures.**

The minimum **computer** system requirements are as follows. **Do not use a mobile device to access and use the TreeRing site.**

- ❖ To use the TreeRing website you must be running Adobe Flash Player Version 11 or later. When using a **PC**, you can download the most recent version of Adobe Flash Player from [Get Adobe Flash Player](#)
- ❖ When using a **Mac**, use this link to get help enabling Adobe Flash Player for Safari: <https://helpx.adobe.com/flash-player/kb/enabling-flash-player-safari.html>

Customized pages are due by **Friday, March 30**. This is also the last order date.

Customized pages can only be created **AFTER** the memory book has been ordered.

If you have any questions, please contact Mrs. Manack at erinn_manack@hcpss.org
